VOCATIONAL REHABILITATION SERVICES

Is vision loss affecting your employment?

Individuals with a visual impairment due to diabetic retinopathy, glaucoma, cataracts or other conditions causing vision loss, may qualify for Vocational Rehabilitation (VR) Services. VR Services can help with assistive technology, specialized services and skills training to help you prepare for, find and retain meaningful employment.

The VR program receives 78.7 percent of its funding through a grant from the U.S. Department of Education. For the 2021 Federal fiscal year, the total amount of grant funds awarded are \$295,273,713. The remaining 21.3 percent (\$79,915,249) are funded by Texas State Appropriations.

For purposes of the Supported Employment program, the VR agency receives 90 percent of its funding through a grant from the U.S. Department of Education. For the 2021 Federal fiscal year, the total amount of grant funds awarded are \$1,471,020. The remaining 10 percent (\$81,723) are funded by Texas State Appropriations.
Revised March 2021.
